Career Objective

Passionate final-year engineering student with a strong foundation in web technologies. Looking for an entry-level frontend developer role to apply and expand my knowledge in real-world projects.

Technical Skills

- **Languages:** HTML, CSS, JavaScript, Python
- **Frameworks:** Bootstrap, Tailwind CSS
- **Git, GitHub**
- **Tools:** VS Code, Postman

Projects

Personal Portfolio Website — *syril.vercel.app*

Built and deployed a personal portfolio using HTML, CSS, JavaScript, and Docker. Highlights responsive design and includes project showcases.

Weather App using API — OpenWeatherMap API

Created a weather dashboard with live temperature, humidity, and forecast data.
